- 1. Credit Card: It is the responsibility of the Promoter to keep the expiration date of the credit card on file current. If you are enrolled in the Smarship program with a credit card, funds must be available the day the Smartship is processed to receive purchasing credit. If your credit card transaction was declined when the Smartship draft was attempted, it will be attempted again within 7 days of the original order date. Smartshipdrafts occur 30 days after your initial sign-up date. This allows you time to place an order before the end of the month to avoid missing any bonuses.
- 2. Remember: If someone in your organization has a returned check or a declined credit card, you may not qualify for your full bonus for that month.
